Extremely motivated to constantly develop my skills and grow professionally. I am confident in my ability as a full-stack web developer and data analyst.

## TECHNICAL SKILLS

- HTML
- CSS
- SQL
- Ruby on Rails
- GIT
- Microsoft Office
- JavaScript
- jQuery
- Ruby
- Bootstrap
- GitHub
- VMWare

## PROJECTS

### FLIXTER

A two-sided, video-streaming marketplace platform that features credit card payment capabilities, user role management, complex user interfaces, and advanced database relationships.

**Technologies Used:** Ruby on Rails, Devise, Stripe, HTML, CSS

### NOMSTER

A Yelp clone that integrates with the Google Maps API and includes features like user comments, star ratings, image uploading, and user authentication.

**Technologies Used:** Ruby on Rails, Devise, Google Maps API, HTML, CSS

### GRAMMABLE

An Instagram clone that was built using industry-standard, test-driven development following numerous red/green/refactor cycles. Users log in and post their favorite images just like Instagram.

**Technologies Used:** Ruby on Rails, Devise, RSpec, TDD, HTML, CSS

## WORK EXPERIENCE

### BRONCO BILLY'S CASINO, IT DIRECTOR

SEP 2009 - MAY 2018

- Worked with the management team to develop strategies and plans to enhance client services, improve user effectiveness, and foster innovation.
- Developed the IT personnel to meet the changing needs of users, groups and offices; new projects and technologies; and varying staff strengths.
- Provided direction and expertise during systems upgrades, installations, conversions, and file maintenance.
- Developed standard operating procedures and best practices, including providing written protocols and guidance to IT staff and to end-users.
- Researched the new technology solutions and implementations that met business and system requirements.
- Managed financial aspects of the IT department including budgeting, purchasing, and budget review.
- Managed servers, security solutions, network hardware and equipment.
- Managed telecommunications infrastructure and development plans, projects, policies and procedures.
- Negotiated with vendor and consultant contracts and service agreements.
- Managed and maintained security of confidential information entrusted to position.
- Member of casino marketing committee for 5 years.
- Designed and produced reports showing the success of various marketing programs for the purpose of increasing overall casino revenue.
- Designed a player development program for the purpose of building and increasing casino revenue by rewarding patrons with multiple award levels attainable based on individual casino play.

**Technologies Used:** Microsoft Operating Systems, Microsoft SQL Server, Microsoft Office Suite, VMWare, SQL, Visual Studio, Casino Software Solutions Suite, Aristocrat Gaming Technologies

## EDUCATION

Denver University Online Coding Bootcamp, 2019
